

# Isoquinolines

The isoquinoline unit is found in many biologically active molecules, both naturally occurring and synthetic. Featured here is a selection of valuable building blocks from the range of isoquinoline derivatives to be found in the Alfa Aesar catalog, including several unique to Alfa Aesar.

**L19428**  
3-Hydroxyisoquinoline, 99%  
[7651-81-2]

**L17067**  
7-Hydroxyisoquinoline, 97%  
[7651-83-4]

**L17831**  
1-Chloroisoquinoline, 95%  
[19493-44-8]

**L19632**  
5-Bromoisoquinoline, 98%  
[34784-04-8]

**L17800**  
7-Bromo-1-hydroxyisoquinoline, 98+%  
[223671-15-6]

**L19946**  
7-Bromo-1-chloroisoquinoline, 97%  
[215453-51-3]

**A19880**  
Isoquinoline-3-carboxylic acid hydrate,  
99%  
[207399-25-5]

**L19637**  
Isoquinoline-5-carboxylic acid, 96%  
[27810-64-6]

**L19636**  
Isoquinoline-5-carboxaldehyde, 97%  
[80278-67-7]
